

Audio

AB-AD102-3W

ATOMBOTIX

Operational Convenience

The knob allows for easy size adjustment without the need for complex operations

Stable Performance

The audio output is stable and clear. The working environment temperature and humidity have a wide range of adaptability, and it can operate stably in various indoor environments

Compact Size

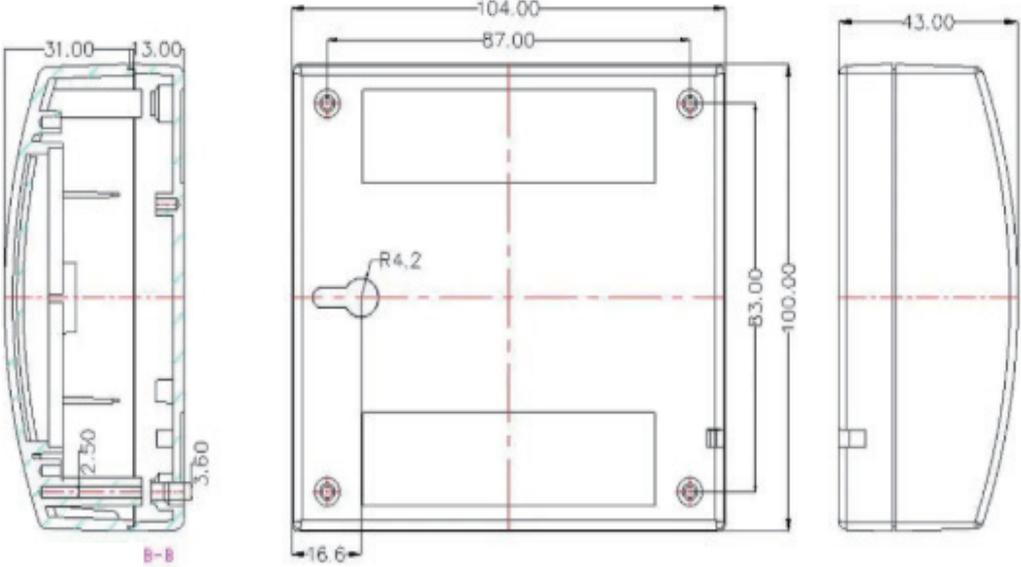

Easy to carry and install, it doesn't occupy too much space

High Cost-effectiveness

It can reduce costs while enjoying superior performance charging

Model	AB-AD102-3W
Operating Voltage	5 V
Output Power	3 W
Interface	USB2.0
Signal-to-Noise Ratio (SNR)	90 dB
Operating Ambient Temperature	-25 - 25 °C
Operating Ambient Humidity	20 - 80 %
Housing Dimensions	104 x 100 x 43 mm
Installation Mode	Embedded
